

**MIDDLE AND UPPER SCHOOL
SEVERE WEATHER DISMISSAL PERMISSION FORM**

Parents/Guardians:

Because student safety is our highest priority at The First Academy, the school employs the WeatherBug lightning alert system. When a lightning alert occurs during dismissal times, parents or authorized representatives who wish to have their student(s) released to their custody for normal carline and dismissal protocols, must complete the form below. The signature of a parent or authorized representative indicates taking full responsibility for their child's safety during inclement weather.

Please complete this form if you give permission for your student to be dismissed under normal protocols during an active lightning alert. If you have multiple children, one signed form is needed for each child. If you choose not to sign this form your son/daughter will remain in the school building until you physically sign them out at the Middle/Upper School front desk.

Lower School will follow inside dismissal protocol whereby a parent must enter the building to pick up their student.

This form has been reviewed by our school attorneys.

Thank you for your patience and understanding as we work to keep every student safe.

Garry Sullivan
Middle and Upper School Principal
