

Lower School Online Book Request Guidelines

The First Academy Library Media Center is excited to announce an online book request program for Lower School students and families to allow access to library materials until the library fully reopens and Lower School visits resume. Following the steps listed below, parents & students may request books from the TFA library to be delivered to the students' classrooms.

- LS students in K4-3rd grades may have 3 books checked out at a time.
- Parents of students K4-3rd grades may have 5 books checked out at a time on their parent account and can request up to 5 books at a time (would be allowed to check out holds only as space becomes available in their account)
- LS students in grades 4-5 may have 5 books checked out at a time and can request up to 5 books at a time (would be allowed to check out holds only as space becomes available on their account).
- Depending on the volume of requests and the daily library classroom visit schedule, book requests may take up to three days to be fulfilled. Thank you so much for your patience.
- Hybrid students may also make book requests. Books will be left for them at the LS front desk to be picked up with their other learning materials.

Step 1 - Go to thefirstacademy.follettdestiny.com

Step 2 - Click "The First Academy" link

Step 3 - Students should log in using the following format:

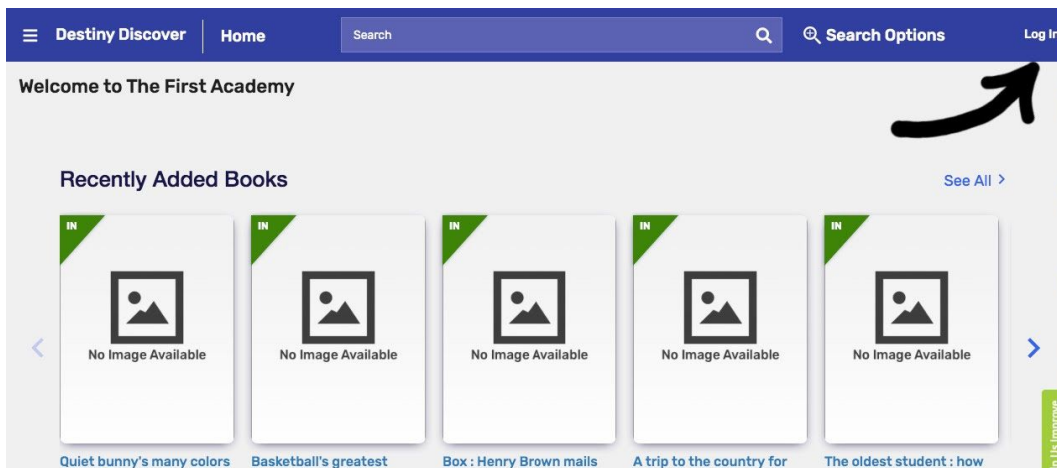

Username: firstnamelastname (example: johnsmith)

Password: 4 digit graduation year (example: 2028)

Parents should log in using the following format (use student's last name):

Username: lastnamefamily (example: smithfamily)

Password: family

Trouble logging in? Ask your media specialist or librarian.

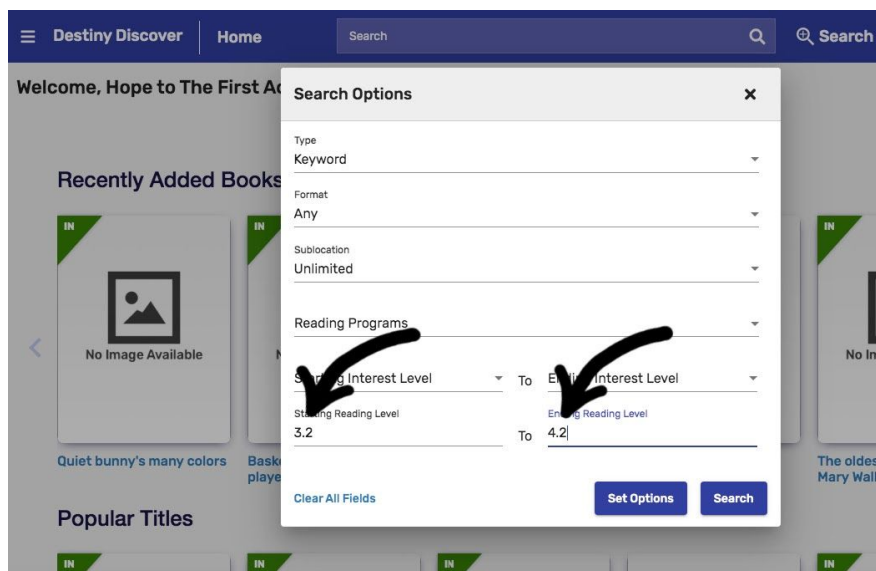

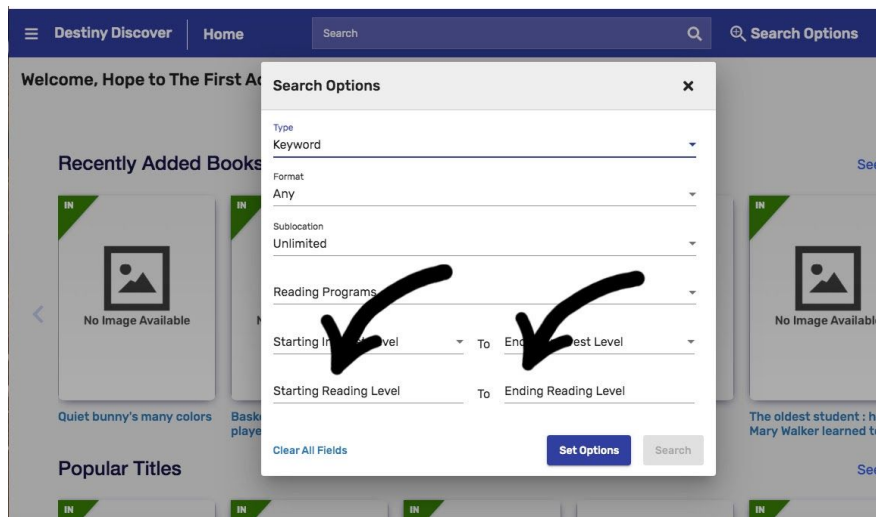

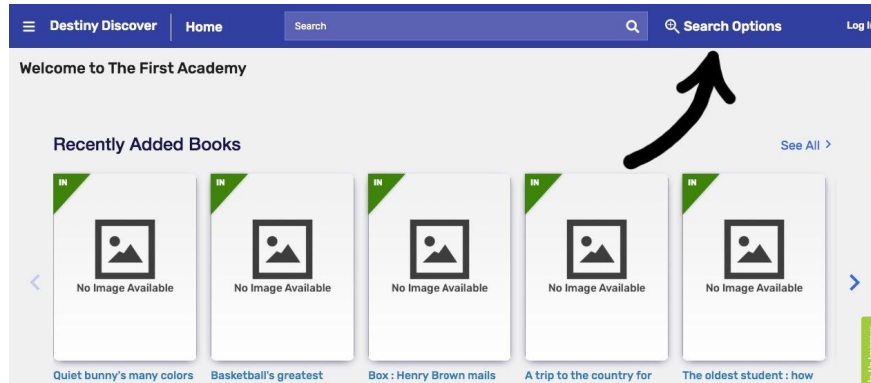

Step 4 - In the search bar, search by keyword, title, or author name

Step 5 - When you find your title, press the "hold" button

Step 6 - You can also search by AR level using the advanced search option by clicking Search Options and then typing the starting and ending levels in the options box.

***Please note that if a book doesn't give you the option to "Hold" it, then it is an eBook that you can check out and read on your iPad. In that case, you would click "Checkout" in order to read the book on your device.**
